THE HEIGHTS – VERMILLION

UNIVERSITY OF SOUTH DAKOTA

VERMILLION, SD

The University of South Dakota (USD) is a public research university serving as South Dakota's flagship liberal arts institution, with enrollment of approximately 10,000 students across undergraduate, graduate, and professional programs.

USD offers a diverse academic base anchored by its School of Law, medical and health sciences programs, and growing research initiatives, supporting consistent year-over-year enrollment and a stable student population.

The university is a major economic driver in Vermillion, providing a reliable demand base for off-campus housing as on-campus options remain limited relative to total enrollment.

USD's long-standing institutional presence and statewide draw contribute to durable rental demand and occupancy stability for multifamily assets near campus.
